WHO IS ALICE?

United Way of Central Georgia serves a diverse range of 15 counties, each with its own unique characteristics and challenges. We are deeply committed to making a meaningful impact in each county by addressing the needs of **ALICE (Asset Limited, Income Constrained, Employed)** households.

ALICE represents hardworking individuals and families who face financial challenges despite being employed. Through our comprehensive programs and initiatives tailored to each county, we strive to improve reading scores and literacy rates for children, ensure women have access to vital breast cancer screenings, transform schools into community hubs that provide essential resources, and support young families with the training and resources they need to thrive.

Together, with our dedicated community partners and the generous support of donors, we are working tirelessly to empower ALICE households and create a more equitable and prosperous Central Georgia for all.

MEET KHADIJAH

Empowering Khadijah and her children, an ALICE family, our Parents as Teachers program nurtured her children's growth and supported her GED achievement. Together, we're shaping a brighter future for ALICE families through early education.
